Auto-Voltage Function for Application Worldwide — The TM-A210G Color CCTV Monitor Delivers Exceptional Performance in a Tough, Economical Package

JVC engineered the 21-inch Full-Square TM-A210G color monitor, which succeeds the TM-2100PN, to deliver great pictures and exceptional versatility for CCTV applications. Built to give long life and housed in a tough metal cabinet, the TM-A210G features an easy-to-use, on-screen menu for changing parameter settings as well as wired remote control and sound input. Flexibility is further enhanced by an auto-voltage control system, which accepts 120V, 220 – 240V AC voltage supplies for use worldwide. Compact for easy installation, the TM-A210G is a powerful CCTV solution featuring high performance and value in an elegant package.
