SUBJECT: INTRODUCTION OF THE LMD-4250W LUMA SERIES PROFESSIONAL VIDEO MONITOR

Sony is pleased to announce an expansion to our LUMA™ series professional video monitor product line. The LMD-4250W is a 42-inch 1920x1080 that will be available in mid-January 2008. This model is being marketed toward the higher end of broadcast and video production and are capable of multi-format signal support comprising various SD and HD formats. Applications to focus on include monitor walls, on-set monitoring and client viewing monitor.

In addition to the LMD-4250W base model, we will be offering a pack model bundled with the BKM-243HS HD-SDI option board. The product SKU for the bundle model will be LMD-4250WHD.

Pricing for the new models is as follows:
