

## Video Products Technical Bulletin 30-2011-168

DATE: **December 5, 2011**

SUBJECT: **MONITOR POWERS DOWN WITH AC ADAPTER**

MODEL: **PVM-2551MD**

SERIAL NO: **ALL**

### DESCRIPTION

If an AC adapter not meeting the following requirements is used with PVM-2551MD, the monitor may power down:

- Immediately after power is turned ON, or
- When the scene changes from dark to bright.

### AC Adapter Requirements

When using an AC adapter with PVM-2551MD:

- Use the AC-110MD adapter supplied as an accessory to PVM-2551MD.
- Confirm that the serial number of AC-110MD is 3,200,001 or higher.
