

Video Products Technical Bulletin 1997-007

Subject: FLASHING, POOR WHITE BALANCE IN

Technical Bulletins for Business and Professional Products for North, Central, and South America

5-INCH CRT

Display

Date: January 6, 1997

Model: PVM-5041Q

Serial No: 1,000,001-2,007,750

DESCRIPTION

The insulation between cathode and heater in the 5inch CRT may deteriorate, resulting in flashing or poor white balance. To correct this condition, replace the CRT with a new one.
